

SUSTAINABLE MOBILITY

Donostia-San Sebastián, 13 October 2011

- 1. Three pillars of sustainable mobility policies.**
- 2. Draft Sustainable Mobility Act.**
 - **Regulatory Context.**
 - **Distribution of power among different government levels.**
 - **Broad definition of Sustainable Mobility.**
 - **Economic sustainability/viability of public investments.**
 - **Financing mobility.**

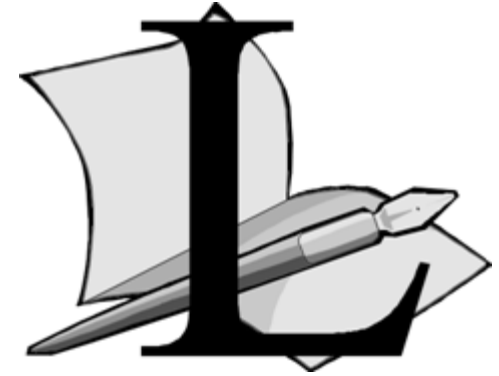

THREE PILLARS

1. **IMPROVING THE QUALITY** of public transport infrastructures and services.
2. **AWARENESS** of sustainable mobility habits by citizens and companies.
3. Rationalising all separate efforts in a joint and integral effort by introducing a **REGULATORY STRUCTURE** and **COMMON PLANNING**.

DRAFT SUSTAINABLE MOBILITY ACT

3. Rationalising all separate efforts in a joint and integral effort by introducing a REGULATORY STRUCTURE and COMMON PLANNING.

**DRAFT SUSTAINABLE
MOBILITY ACT**

DRAFT SUSTAINABLE MOBILITY ACT

REGULATORY CONTEXT:

LIBRO BLANCO	Reducir el 60% el volumen de emisiones GEIS	2050
	Traspaso del 30% del tráfico por carretera a los modos ferroviario y fluvial	2030
	Traspaso del 50% del tráfico por carretera a los modos ferroviario y fluvial	2050
LEY DE ECONOMÍA SOSTENIBLE	Inversión en investigación, desarrollo e innovación Fomento de actividades relacionadas con energías limpias y ahorro energético	
ECOEUSKADI	El marco integral para todos los ámbitos de actuación de las políticas sectoriales	

DISTRIBUTION OF POWER BETWEEN DIFFERENT LEVELS OF GOVERNMENT:

- Spanish Government.
- Basque Government.
- Provincial Governments.
- Local Governments.

DRAFT SUSTAINABLE MOBILITY ACT

BALANCING GOVERNMENT LEVELS WITH DIFFERENT PLANS:

- General Mobility Plan for the Basque Country.
- Mobility plans for each provincial territory.
- Urban Mobility Plans.
- Mobility Plans for certain “activity centres”.

DRAFT SUSTAINABLE MOBILITY ACT

BROAD DEFINITION:

ENVIRONMENTAL

Minimise and reduce pollution impact and damages to environment.

SOCIAL PERFORMANCE

Promote social and territorial cohesion/balance.

ECONOMIC

Internalise external costs of transport.
Optimize efficiency of public investments.

DRAFT SUSTAINABLE MOBILITY ACT

FINANCING MOBILITY:

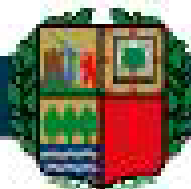

External costs of every transport mode and service must be assessed and internalised into the market prices for users.
