Philip Turner
Sustainable Development Manager, UITP

Connecting the world of public transport

Mission & Objectives

Promote the positive contribution public transport makes to sustainable development

Objectives

Create a platform which allows a greater exchange of ideas, experience and projects on sustainable development

Develop the Charter programme and share best practises.

Develop a Reporting Framework for Sustainable Development Charter signatories

- Integrate best practices into tools

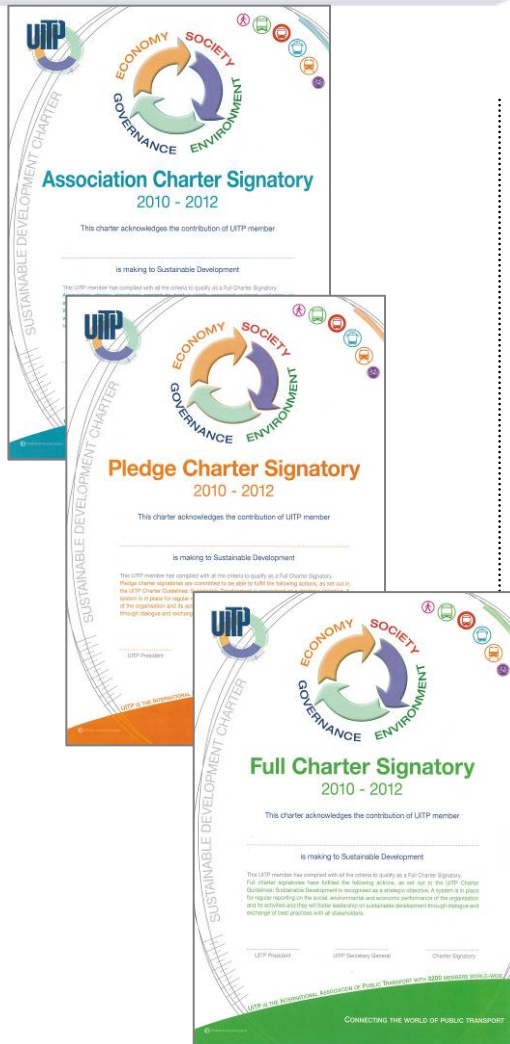

Approach

Work streams

- I. The UITP Sustainable Development Charter
- II. Collation and exchange of best practice
- III. Climate change and greenhouse gas emissions
- IV. Social responsibility

I. UITP Sustainable Development Charter

- Increase number of Charter signatories
- Awareness raising:
 - media and events
 - coaching and training
 - co-operation
 - dialogue
- Maintain current signatories

II. Collation and exchange of best practice

- Reporting Framework
- Methodology sheets
- PTx2 Awards
- 'Buddy system' trial

III. Climate change and GHG emissions

CO₂ Working Group - focus on Europe

- Help UITP to better respond to climate issues at the EU level
- Complement Bridging the Gap and the Covenant of Mayor's
- Help demonstrate how PTx2 can be delivered
- Identify best practice initiatives

IV. Social Responsibility

ISO 26000 Working Group

- Established to look to develop social responsibility standard that could be adopted UITP internationally for the sector
- Guidelines should be validated and align with UITP's reporting framework
